Mr. Steve Schnake  
Jefferson County Engineer  
750 Old Fairfield Road  
Mt. Vernon, IL 62864

Dear Mr. Schnake:

The plans for the above section were approved by the Department today. Your file copy of the plans and proposal will be sent to you at a later date.

It is being requested that the section be included in the state's bulletin for the April 28, 2006 letting.

Your attention is called to the fact that the proposed construction may require the adjustment of various utilities. Therefore, it is requested that you contact the utility companies involved to advise them of the highway construction work in order that they may have sufficient time to make the necessary arrangements to adjust their facilities. If the County intends to use Motor Fuel Tax funds to pay the eligible cost of the adjustments, the utility companies should be requested to prepare the estimates of cost as outlined in Chapter 15 of the Manual of Administrative Policies.

It is requested that periodic contacts be made with the companies to expedite the adjustments.

Very truly yours,

Christine M. Reed, P.E.  
Deputy Director of Highways  
Region Four Engineer

Maureen E. Kastl, P.E.  
District Engineer of  
Local Roads and Streets
